SAP Australian User Group

Demonstration Sessions Schedule

8:30am – 9:00am	**Registration , coffee & tea – Level 1 / Exhibition Area**
9:00am – 10:30am	**Keynote Presentations – Ballrooms 2 & 3**
10:30am – 11:10am	**Morning Break & Demonstration Sessions – Exibition Area**
10:35am – 10:50am	**1) The SAP Business Network – Beyond Procurement** SAP Business Network is an innovative new solution that reimagines how businesses collaborate with their network of trading partners and will empower companies to unify all the points of interaction and integration across that network to move faster and smarter than ever before. This interactive session will cover SAP Business Network for Logistics & SAP Business Network for Assets. Who they help. What problems they solve. What the solutions look like. **Adam Sivell, Director SAP Business Network GTM, SAP**
10:50am – 11:05am	**2) Demystifying Process Automation with SAP's Human Centered Approach to Innovation** Come join us as we explore a real-world example of a customers end to end journey with SAP Process Automation. We will walk in the customer's shoes as they embarked on SAP's Human Centered Approach to Innovation, exploring real business problems while showcasing the power of Automation in an agile, collaborative fashion and enabled the business to prove the value to stakeholders along the way. **Liam Mischewski, ICA Innovation Experience, SAP ANZ**
11:10am – 12:35pm	**Breakout Session Streams – Ballrooms 1, 2 & 3**
12:35pm – 1:40pm	**Lunch & Demonstration Sessions – Exhibition Area**
12:45pm – 1:00pm	**3) SAP S/4HANA embedded analytics** SAP S/4HANA embedded analytics. Analyse in real-time with traditional embedded analytics in S/4HANA using KPI tiles and multi-dimensional reports. Go above and beyond with SAP Analytics Cloud embedded and integrated in S/4HANA Cloud and On-Premise. **Tony Thorpe, Senior Solution Advisor – Intelligent Enterprise, SAP**
1:00pm – 1:15pm	**4) Using BTP to book your urgent leave request** This practical and very useful session will demonstrate an innovative application which allows staff to log their sick/urgent leave application via SAP's central launch pad; and use BTP to automatically send an SMS to notify whoever in the company needs to know! **Jorg Thuijls, Technical Development Lead & Martin Geddes, Business Development Manager, Dalrae Solutions**
1:15pm – 1:30pm	**5) How is your organisation thinking about your Customer's Experiences?** Customer Experience is top of the agenda in every boardroom, including SAP and SAP's customers. Digital capabilities and channels are critical to give your customers the freedom to interact with your business where they are, and being competitive in today's marketplace. In this session, we will run through a few customer stories from the SAP ecosystem across B2B and B2C, and how these customers are driving market share and revenue through customer acquisition, growth and retention with customer centric experiences. **Peter Cridland, Digital CX Lead, SAP**
1:40pm – 3:05pm	**Breakout Session Streams – Ballrooms 1, 2 & 3**

Demonstration Sessions Schedule

3:05pm – 3:35pm	**Afternoon Break & Demonstration Sessions – Exibition Area**
3:05pm – 3:20pm	**6) RISE with SAP – find out what's available now** In this 15 minute, interactive session, Latasha Greville, Industry Business Architect will showcase what's available now through 'RISE with SAP'. Based on 100's of customers moving to RISE across Australia and New Zealand, Latasha has a wealth of experience from how to get started, to what happens during the RISE journey and benefits that customers have achieved. **Latasha Greville, Industry Business Architect, SAP**
3:20pm – 3:35pm	**7) Getting the Maximum Value from your SAP Data Warehouse with BW-Bridge** In this demo, you can see the new SAP BW Bridge feature of SAP Data Warehouse Cloud, providing a path to the public cloud for SAP BW NetWeaver & SAP BW/4HANA customers. SAP BW Bridge offers access to previously developed SAP BW capabilities directly in Data Warehouse Cloud and allows an ability to easily blend traditional BW based datasets with new Business requirements in an easy to consume interface. **Jon Gooding, Solution Engineering - Intelligent Platform**
3:35pm – 5:00pm	**Breakout Session Streams – Ballrooms 1, 2 & 3**
5:00pm – 6:00pm	**Networking Event - Exhibition Area**
