SAUG Summit Online 2020 – Day One Keynote Sessions	
9:30am – 9:45am	<p>Welcome & Update Jason Hincks, Chief Executive Officer, SAUG & Damien Bueno, President & MD, SAP ANZ</p>
9:45am – 10:05am	<p>SAP Executive Keynote: Turn data into your Superpower! Data is essential in the modern workplace, but not all organizations are actually able to master their data. The use of information, analytics tools, and information, in other words, make a significant difference in an organization’s ability to exploit that data. In this session, Pat will talk about how, together, we can move forward from the current extraordinary circumstances with innovative technologies that allow you to turn data into insights, and insights into action and steer your organisations with 360-degree real-time visibility. Patrick Elliot, Vice President, Head of Platform & Technology, SAP Australia</p>
10:05am – 10:25am	<p>Expert Keynote Presentation: How to move to SAP S/4HANA in 5 months More flexible business processes, real-time analyses and a central data pool: SAP S/4HANA makes companies fit for the digital age. But how can existing ERP systems be converted - ideally in the shortest time possible? This presentation will look at the best-practice example of Coles and how the company moved their financial core to S/4HANA in only 5 months, utilising SNP’s BLUEFIELD Approach. Marcus Scott, Managing Director, SNP Australia</p>
10:25am – 10:45am	<p>Thought Leader Keynote: User Experience and Innovation Innovation used to be driven by technology, but in the 21st century, experience design must be added to create impactful innovations. It is no longer the organisation with the best technology that thrives, but the organisation with the best User Experience (UX). In this thought-leading and idea-provoking presentation, Sunjoo Kim, renowned Digital Innovation Strategist and UX Advisor will share her insights on why, what, and how Human Centred Design-led UX drives the success of tomorrow. Sunjoo Kim, Digital Innovation Strategist and UX Advisor</p>
10:45am – 11:00am	<p>Morning Break Session</p>
11:00am – 11:20am	<p>SAUG Executive Council Welcome & Update Jason Hincks, CEO, SAUG</p>
11:20am – 11:40am	<p>Customer Keynote Session Asaleo Care, building resilience & innovation on a SAP Digital Core Asaleo Care is a leading manufacturer of personal care and hygiene products and was classified as an essential industry during this crisis. It is on a Digital Transformation journey with an aim to digitise and improve its customer experience and eCommerce capabilities and build a seamless and secure IT foundation and Digital core in the Cloud with SAP solutions. Dan from Asaleo Care will give insights into the strategy, the challenges that led to this journey and the focus on building resilience and positioning for growth and future opportunities. Dan Kotiah, General Manager – Information Technology, Asaleo Care</p>

Online Meeting | Mon 30 Nov 2020

11:40am –12:00pm	<p>Customer Keynote Session 12 Month S/4HANA on Azure modernisation program at the heart of Sunwater’s Digital Transformation.</p> <p>Sunwater is a Queensland Government Owned Corporation (GOC) and the key means by which the State delivers bulk water outcomes for customers in regional Queensland. With a focus on total water solutions, Sunwater has developed, and now manages, a regional network of bulk water supply infrastructure that spans across Queensland to support around 5,000 customers across the mining, power generation, industrial, local government and irrigated agriculture sectors supported by 400 Sunwater employees. Paul Bagley, (CIO of Sunwater) and Jason Cameron (Partner at PwC), moderated by Tim Noonan (Managing Director, SAP Alliance, PwC) will explore the experiences and lessons of the past 12 months of the modernisation of Sunwater’s SAP platform to S/4HANA on Azure. They will discuss the execution of their strategy and the real and tangible business benefits which Sunwater is already realising as a result of moving to the cloud, implementing modern ERP and challenging the accepted mythology of transformative projects. Finally, they will talk about what business outcomes Sunwater is expecting to realise over the next few years and how it is expected to impact business performance, employees and customers alike.</p> <p>Paul Begley, Chief Information Officer, Sunwater Jason Cameron, Partner, PwC Tim Noonan, Managing Director, PwC</p>
